Program to Honor Retiring Teacher, Mrs. Ada Walton

A special testimonial program honoring Mrs. Ada Lum Walton, a second grade teacher, who is retiring after 43 years' service in the Madison school system, will be held at 8 p.m. Thursday at Dunbar school auditorium.

Mrs. Walton, who taught 35 years at Dunbar school and four years at Blair school where she presently is assigned, is being honored by the staff of Blair and Dunbar schools, assisted by the Dunbar PTA, the Madison Chapter of the National Chamber of Commerce, the Madison Progressive Federation, the Study, Blair Mother's Club, former students and several other groups.

Mrs. Walton, who has taught thousands of youngsters, also has

engaged in civic activities over the years. She is a past president of the local district and state Illinois Association of Colored Girls Clubs and a member of the organization's national committee on education.

Mrs. Walton was the supervisor of the Madison Federation of Colored Girls Clubs and Scout leader. She is a past president of the American Federation of Teachers Local 763 of Madison.

Mrs. Walton is a member of the Bethel A.M.E. Church and for a number of years was director of the church choir.

She resides at 815 Washington street, Madison.

Helen Cook, who was the hostess in her home, 1812 Chestnut street, Madison.

6 Traffic Accidents a Day in Quad-Cities

The drastic increase in the number of traffic accidents and injuries in the Quad-Cities area, reflected in four-month totals compiled by the Press-Record, show only one ray of hope—the number of fatalities in 1964 is down.

In the first four months of 1963, there were 13 traffic deaths, while this year the number in the same period dropped to nine.

Traffic accidents occurred at a rate of more than six-a-day and totaled 741, which is 194 more than the 547 total for the first four months of 1963.

This year's injuries in the 121-day period numbered 346, or

nearly three-a-day, compared to the 233 (or two-a-day) in the four months of 1963.

The April traffic statistics were 175 accidents, 99 injuries and two deaths, compared to the March figures of 212, 108 and 4.

In April 1963, there were 140 accidents, 90 injuries and four deaths.

Deaths, while this year the number in the same period dropped to nine.

Wesley Hall of Niederrhaus Memorial Methodist Church was the place of meeting Thursday for the Women's Society of Christian service with Mrs. Christine Bushue and Mrs. Eunice Alvares as co-hostesses.

A one o'clock luncheon was served to 11 members, and the lesson, "Our Later Years—A Time For Responsible Living," was given by Mrs. Edith McClelland.

Mrs. Elmer Frohhardt, leader, was in charge and ten such calls were reported by the members. The meeting was dismissed with prayer by Mrs. Alvares.

Jr. Bay View Hears Review

The Junior Bay View Reading Club held the final meeting of the season Friday evening in the home of Mrs. Edward Applegate, 2900 Waterman avenue, with the newly-elected president, Mrs. William Ogden, in charge.

The standing committees for the year were reported and the members responded to roll call with current events.

The program was given by Mrs. Arthur Slay, who reviewed the book "Mrs. L. J. B." an autobiography of Mrs. Lydia Johnson, by Ruth Montgomery.

The next meeting of the club will take place in October in the home of Dr. Maria Baum, 2802 State street.

Kirchner Qualifies For State Golf

Granite City Wins Sudden-Death Battle In District Tourney

Pete Kirchner, ace of the first Granite City golf team to compete in many years, will represent the high school this week-end in the state finals at Champaign.

Kirchner won a sudden-death playoff from Belleville's Ed Kraft Friday in the district meet at Edinwood course, Belleville, to finish as runner-up medalist and earn the trip.

Also qualifying was medalist Joe Kaminski, Lebanon, who shot a 38 on the first four of the nine-hole course and 37 on the second round for a three-over-par 75.

In the same threesome with Kaminski, Kirchner came in with a 76 after carding a birdie on No. 1 and five bogies. Kraft also finished with 75, so a play-off was ordered.

Kraft stroked a par five on No. 1 but Kirchner sank a 10-foot putt for a second birdie on the hole to quickly end the play-off. No. 1 is 471 yards, longest hole on the course.

Other scores by Granite City entrants were: Gerald Karandjeff, 42-48-38; Paul Greve 44-46-36; Gary Sturdivant 48-45-33 and Bob Yates 50-46-36.

Belleville won the team title with a total of 314 strokes by the four men. The school's five-man contingent—Kraft, Tom Kamann, Eric Wiedmann, Mike Bader and Phil Louvier—will compete for the state team title at Champaign.

Granite City finished eighth in the team standings. Other team scores: Lebanon 318, Assumption of East St. Louis 321, Alton 324, Collinsville 330, Vandellia 345, Wood River 340, Granite City 347, O'Fallon 348, Salem 350, Litchfield 360 and Carlinville 363.

The Granite City team plays in the Southwestern Conference meet today at Collinsville and entertains Belleville tomorrow.

GOLF DISTRICT RUNNER-UP, Pete Kirchner (right in top photo) gets congratulations from coach Harry Lane. Kirchner will represent Granite City in the state finals at Champaign. Other Granite City entries (lower photo) in the Belleville tourney relax after completing their 18 holes. Left to right are Gary Sturdivant, Bob Yates, Paul Greve and Gerald Karandjeff.

Hearts' Simpson Fires Two-Hitter, Mercers Win 15-5 In I-C Baseball

Left-hander Cecil Simpson threatened the Alton Red Sox 15-3. The victories two hits yesterday as winning Sacred Heart took an 11-0 victory in the Southwestern Illinois Inter-City Baseball League.

At Wilson Park, Mercer Funeral Home hammered out 12 hits and rambled over the Maryville Red Sox 15-3. The victories gave both local teams 2-1 records.

In a big upset, Pocahontas Braves downed defending league champion St. Clair Heating of East St. Louis 6-1. This decision throws the Blue Division into a three-way tie with St. Clair, Mercer and Pocahontas all holding 2-1 marks. Altonville is fourth at 0-3.

Collinsville's Boosters boosted their record to 3-0 in the Red Division with a 7-1 victory over the Troy Red Birds (0-3). Behind Sacred Heart is Maryville (1-2).

Next Sunday's games will find the Hearts entertaining Maryville and Mercers calling at Collinsville.

Simpson was working on a no-hitter until the sixth inning when Altonville's Terry Don Atkins hit a two-out single. The other single was by Kenny King in the eighth inning.

He struck out nine and walked three. The only Altonville threat came in the sixth inning when Lindell Hacke was cut down at the plate, trying to score with one out.

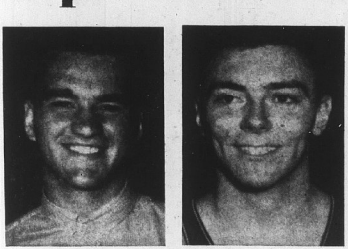

Sacred Heart batters smashed out 18 hits including three each by Frank Hilde, Mike Suss and Simpson. Both Hilde and Simp-

Hiles, Selph To State Meet

With Joe Hiles and Ron Selph of the Granite City track team, it's sort of a strongman's version of "Me and My Shadow."

All season long, Hiles has been winning laurels in the shot put and discus events. Not gaining much notice but always right behind was fellow senior Selph.

On Friday at the district track meet at Parsons Field, East St. Louis, both Hiles and his "shadow" qualified for the state meet to be held Friday and Saturday at Champaign.

REPRESENTING GRANITE CITY in the state track meet will be Ron Selph (left) in discus and Joe Hiles in discus and shot put.

"Ronnie might hold the school records in those events if Hiles wasn't around," said Andy Sullivan, assistant coach. "I'd say he's the most improved man on the squad."

The throwing by Hiles surprised almost no one. He won the shot put at 35 feet 9 1/2 inches to maintain his unblemished record in the event this season.

Selph took fifth in the event.

At 51-3 1/2—just short of the 52-state meet. But he easily passed feet necessary to qualify for the 145-foot meet in discus to

qualify for state competition in that event.

Selph hit 153-3 for fifth place, behind Hiles' fourth-place effort of 155-11. Lincoln's Grover Webb set a new state record of 175-8 1/2 in finishing first.

Alton won the team title with 62 points as the Redbirds prepared to defend their state championship. Next were Lincoln 36, East St. Louis 31, Edwardsville 15 1/2, Mascoutah 11, Centralia 10 and tied for seventh, Granite City and Belleville with nine each. Seven other schools also scored points. Madison entered but failed to score.

One other record was broken as Centralia's Dave Rapp broad jumped 23-7 1/2. The leap wiped out the mark of 22-9 1/2 set by Lowell Spurgeon, also of Centralia, way back in 1954.

East St. Louis' Ray Smith tied the 220 mark of 22-2 but most other races were slowed by frequent wind gusts.

Park Leagues To Open May 18

Baseball and softball leagues sponsored by the Granite City park district will begin play Monday, May 18. It was announced today by Harold Brown, director of parks and recreation.

About 60 teams for boys aged 7-21 will make up the baseball program. A new loop, the Senior Division for players 17-21, will be operating for the first time this summer.

The season will run 12 weeks with league play-offs at the end of the regular schedule.

Five leagues with 30 teams are included in the softball program. The 35-And-Over League will play Monday, the fast-pitch Classic League on Tuesday and the Open Slow-Pitch League on Thursday.

A new slow-pitch league for high school boys is being started this season. Games will be played on Thursday and Friday. Exhibition games will be on Wednesday and Saturday.

Opening-day parade and ceremonies for the baseball program will be held May 23.

Soccer Ceremonies Planned For YMCA

Trophies for teams in this spring's YMCA soccer program will be awarded in ceremonies at 4 p.m. Thursday at the YMCA.

Trophies will be given to the first three teams in the Midland and Bantam divisions, and two trophies to teams which tied for first will be presented in the Alton loop.

Individual awards will be given to members of the first-place teams in each division, according to Ruben Mendoza, league director.

Appearing at the program will be Freddy Vasquez, St. Louis Kettle star who is a member of the U.S. Olympic soccer team. A film of an international soccer match also will be shown.

The Mexican Honorary Commission, one of the teams to tie for the Alton crown, received a preview of the trophy presentation Saturday night at the organization's annual fiesta.

Mendoza presented the trophy to Louis P. Becker, president of the organization. The boys were dressed in their uniforms for the occasion.

Measles Move Over To Madison High; Tennis Team Loses

Measles seem to be an increasing threat to top Quad City high school athletes.

First the little red spots hit Granite City's Joe Hiles, the area's top shot putter, and he missed a track meet. Then the school's No. 1 tennis singles player, Rusty Toburen, was hit and missed the district tournament.

The latest measles casualty was John Summers, Madison's No. 1 singles man. Without him, the Trojans were dealt a 3-0 setback Thursday at Wood River.

The results:

SINGLES—Mike Duncan WR over Frank Boyles, 6-2, 6-4; Les Beaks WR over David McDaniel, 6-0, 6-0; Richard Hains WR over Rich Melander, 6-0, 6-0.

DOUBLES—Terry Eldridge-Roger Gray WR over Tom Maslender-Bruce Tratts, 6-0, 6-0; Larry Curtis-Alton Brown WR over Camie Krakowski-Tim Miller, 2-6, 6-4, 8-6.

Granite City Slates JHS Meet Tomorrow Night at High School

The second annual track meet for Granite City public junior high school athletes is scheduled for 6 p.m. tomorrow at the GCHS track.

Dick Yates, athletic director, said this year's meet is being held in the evening to enable more parents to attend the affair.

Competition will be held in three separate divisions—for seventh, eighth and ninth graders. All three junior highs, Central, Prather and Coolidge, will enter the seventh and eighth grade divisions, with the latter two in the ninth grade division.

The team scores, eighth graders in field events to begin at 6 p.m. with the first race—the 100-yard dash—beginning at 6:45 p.m. The final event, the 880-yard relay, is scheduled for 9:10 p.m.

Last year, Coolidge defeated Prather 63-46 for the ninth grade championship. Central won the eighth grade with 78 points to Prather's 75 and Coolidge's 65, and also took the seventh grade with 69 to 54 by Coolidge and 43 by Prather.

Several new records are expected to be established, since the present marks are all winning times of the first meet.

Ribbons will be awarded to place winners after each event. In case of rain, the meet will be held Thursday, May 14.

Results meeting involving the three schools late last week:

Roxana Invitational

Edwardsville edged Roxana for the championship of Thursday's Roxana ninth grade invitational meet. Coolidge finished eighth and Prather ninth.

The team scores: Edwardsville 37, Roxana 36, Cahokia 20, East Alton 20, Collinsville Webster 18, Alton North 17, Alton West 17, Coolidge 12, Prather 11, Collinsville North 6 and Benld 1.

Coolidge won three third places.

Dempey Cross was fifth in pole vault. Other points by local teams were scored in the relay events.

Belleville Invitational

East St. Louis teams swept most of the points in Saturday's Belleville invitational meet. Three East Side schools finished in the top three spots with Clark scoring 53, Hughes-Quinn 42 and Rock 37.

Next in order among the ninth-grade teams were Cahokia 23, Rock 17, Coolidge 11, Prather 8, Belleville 8, East St. Louis Assumption 8 and Lansdowne of East St. Louis 3.

For Coolidge, Terry Moore was second in high jump with a height of 5-4 and Murray was fifth in the pole vault at 9-4. Pashea ran third in the 400 at 55.9.

Prather's Davis was third in the 100-yard dash and fourth in the five-hurdle race. Potts was fifth in the latter event. The school's 880 relay team finished fourth.

Warriors Shooting For 1st Place Tie In Tennis Battle

A bid for a three-way tie in the Southwestern Conference tennis races will be undertaken by the Granite City Warriors this afternoon at Wilson Park.

If the local preceptors can defeat Edwardsville, they'll tie the Tigers and the Belleville Maroons for first place. All would have 8-2 records.

In a match Thursday here, St. Louis Country Day defeated the Warriors 4-1. The results:

Granite City Holds 19-9 Mark, Aiming For State Finals Again

A year ago at this time—just prior to the district tournament—Granite City high school's baseball team had an 18-7 record and had tied for third in the Southwest Conference.

This year, the Warriors stand 19-9 and are tied for fourth in the conference.

Last season, they went on to finish second in the state tournament. And this time? Well, coach Joe Pedroni is confident it can happen again.

"We're as good as any ball club around—if we don't beat ourselves," Pedroni said. "The team rebounded from its eighth one-run defeat of the season Wednesday to win the next three games."

The Warriors opened Madison 9-2 Thursday at Wilson Park and then swept a doubleheader Saturday at Springfield. Lanphier, 8-4 and 7-5.

District Scheduled

Although rain this morning posed a threat, Granite City and Madison are slated to meet this afternoon as the district tournament starts at Wilson Park. Today's

winners of the district tournament will play for the championship Wednesday.

The Warriors took advantage of eight errors by the Trojans. Three of the misuses came in the first inning as the winners tallied five runs.

The big break for Granite City came when a two-out, bases-loaded pop fly was dropped and three runs scored. A wild throw, part of the same play, also allowed batter Rich Lee to score.

The Warriors' six hits included a triple by Gene Bryant and singles by Rick Whitsell, Chuck Mizerski, Nick Pettillo, Bill Evans and Terry Turner. Madison's safeties were by Mike Dillon, Ron Davis, Louis Ratliff and Nick Dobbins, who had two.

Sophomore Starts

Bill O'Neil, called up from the sophomore squad, started the first game at Springfield. He blanked the host Lanphier squad for five innings before Bruce Thompson was called in to get some work.

Lee, Whitsell and Larry Dillard all had two hits in the contest. Lee and Ron Yates hit doubles and Turner cracked a triple.

Opening ceremonies were held yesterday as the Namoeki Little League opened its boys' seasonal season with a parade and two games.

Mayor Leonard Davis, Alderman Earl Thompson and Barry Loman, president of the Granite City park district, were among officials present for the opening. Glen Hollis was master of ceremonies.

Last year's champions, the Bobcats in the Major Division and the Sluggers in the Minor Division, were introduced. Announcement was made that Little League details will be available for sale in about one week at 50 cents each.

This is the 25th season for the national Little League and the seventh for the Namoeki loop.

Baseball Victory Notched By Braves

Coolidge's baseball team knocked off East of Alton 6-4 in a junior high school game here Friday. The win was the Braves' second against four losses and a tie.

Eighth grader Gary Ridenour pitched all but the last out for Coolidge. Bruce Lewis relieved him with the bases loaded and ended the game with a strikeout. Ridenour walked four and gave up five hits.

Hits for Coolidge were all play at Prather tomorrow.

Coolidge Net Squad Ups Record To 5-0

Coolidge's tennis team defeated Roxana in a tennis match here Friday afternoon. The squad is unbeaten in five battles.

Singles winners for Coolidge were Bob Malott (6-2, 6-3) and Louis Mehl (4-6, 7-5, 6-2) and John VanBuskirk (6-1, 6-0).

In doubles, Terry Warler and Bill Harris lost 3-6, 3-6, but teammates Curtis Green and Louis Branganich took a 6-2, 6-2 decision.

Fourth Baseball Team Added to Senior Loop

Boys aged 17-21 interested in playing in the Granite City park district's Senior Baseball Division are invited to try out for a team being organized by Roger Feltmeyer.

Feltmeyer's team will be the fourth to join the new division. The games will start in early June and will be on Sunday afternoons. Feltmeyer may be reached at TR. 6-3735.

2 GC Youths Arrested In St. Clair County

Two Granite City youths were arrested at 12:30 a.m. Saturday by St. Clair county deputies at the Whirl-Away, a dance hall on Route 155 outside Belleville. The youths, 19 and 20, of 4000 Muller avenue, were charged with resisting arrest, striking a deputy and disorderly conduct.

Don Rains checked the youths, allowing only the 19-year-old to get into the building. He was in trouble only once—the third inning when a pair of two-out singles were hit.

Prather scored in the first inning on a walk, an error and Dave Bradford's single. In the fifth two more runs came home on Jim Stuart's infield hit, Craig Myers' double, Mike Presley's infield hit and Bradford's sacrifice fly.

The game gives Edwardsville a 4-1 Madison County Conference record and gives Roxana (3-1) a chance to tie. Each team plays six games.

On Saturday, Belleville visited Prather and gained a 3-3 victory. Steve Mance had two hits for the Chiefs.

Speedway Driver Burned In Crash

A spill in the first heat of stock car races Saturday night at Tri-City Speedway resulted in one man being hospitalized and another being treated for burns at St. Elizabeth's hospital.

Clarence Corbin, 21, of Wood River, lost control of his car and it burst into flames, rolling over several times. Gerald Silkwood, 26, Cottage Hills, who was following close behind, stopped his car and rescued Corbin from the burning auto. Both were rushed by ambulance to the hospital.

Corbin suffered second and third-degree burns to both arms, the upper back and shoulders, neck, chest, face, hands and right leg and is in fair condition today. Silkwood was released after treatment for first and second-degree burns to his left hand and arm.

Dr. Lay Elected to American Surgery Board

Dr. Clert Lay, surgeon on the staff at St. Elizabeth's Hospital here and several other area hospitals, has been elected to the American Board of Surgery. It was announced Friday by the Tri-City Medical Society.

Dr. Lay successfully completed an examination to qualify for the top honor in the field of surgery.

He is a graduate of Washington University and completed his internship and residency at St. Louis County Hospital. He has offices at the Belleville Medical Center.

A total of 184 children and 32 adults received the sacrament of confirmation in ceremonies conducted Thursday evening at Sacred Heart Church by Most Rev. William A. O'Connor, bishop of Springfield. They were accompanied by as many sponsors.

Following a sermon by the bishop and the conferral of confirmation, Solemn Benediction was given by Rev. Lawrence Mattingly, pastor at St. Elizabeth's Church.

Priests assisting in the sanctuary were Rev. Engelbert Binek, O.F.M., pastor of St. Mary's Church, Madison; Rev. Sylvester Nick, O.F.M., assistant pastor at St. Mary's; Rev. John Barrett of Springfield, former assistant at Sacred Heart; Rev. Daniel Yuka and Walter Heerts, assistant pastors at Sacred Heart; and Rev. Thomas Sullivan of St. Joseph's Church, Sullivan, five years.

A buffet dinner will be served to the 160 persons expected and entertainment highlighted by the appearance of Al Mack, a St. Louis comedian, who has been on the same bill with such famous entertainers as Bob Hope, Jimmy Durante, Sophie Tucker and Jerry Colema. He also appeared in the movie, "The Headline Priest."

Henry D. Karandeff, chairman of the board of directors, and Delores Dorich, special will present the awards.

How to Provide Extra Protection At Less Cost

We call this telemeter receiver our "Electronic Watchman." That's a good description because, believe it or not, it's keeping an eye on an elevated tank some miles distant from this receiving point. If the water level should drop too low, our "Electronic Watchman" will record it on the chart. That's the signal for our operator to get on the ball and find out why! This is a big time and money saver—and extra protection for our customers.

K. of C.'s Set Dinner, Festival For Sunday

Tri-Cities Council 1098 of the Knights of Columbus will hold a spring festival and chicken dinner Sunday at the K. of C. hall with serving to be conducted from 11 a.m. until evening.

Featured will be concessions, entertainment, games and refreshments throughout the day. Dinner tickets are \$1.50 for adults and 75 cents for children and are available from members at the K. of C. club or at the door during serving. Proceeds will go to the K. of C. building fund.

On the committee are Steve Salich, Henry Piper, Al Sanders, Al Lunsch, Leroy Reed, Lanahan, William Boerckel, Gene Roberts, John Mink and M. E. Barzokas.

Mayors Ask Businesses To Extend Age Limits

The mayors of the Quad-Cities today called on employers to hire workers according to their abilities rather than barring them because of arbitrary age restrictions.

Their appeal was made in a proclamation endorsing a nation-wide drive urging companies, large and small, to consider job applicants in the older worker category. The drive is being conducted this month, designated by President Johnson as Senior Citizens Month.

Pointing out that the pace at which our economy is expanding will necessitate the hiring of workers over 45 since nearly half of our adult population is composed of people over 45, the mayors cautioned that the skills, knowledge and buying power of older persons will be lost to our economy if they are not permitted to work. In spite of good health, proved ability, and known reliability, he said, older job seekers face resistance because of age.

Psychiatrist Says . . .

Parents Need New Ways to Rear Children

"Parents need entirely new methods to influence their children," Dr. Rudolph Dreikurs, internationally known psychiatrist, told an audience of 125 Quad-City community leaders at the YMCA Thursday night. The meeting was one of a series of steps by the "Y" to help parents, children, and youth establish better relationships.

Early in the lecture, Dr. Dreikurs, who is director of the Alfred Adler Institute in Chicago and founder of the Chicago Community Child Guidance Centers, pointed out that many difficulties in human relationships stem from the transition from an autocratic society to a democratic society in which every individual is of equal worth.

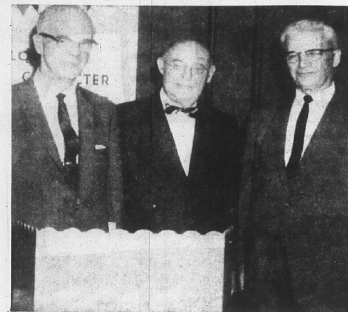

He pointed out that mothers are particularly blamed for the misbehavior of their children. "People say they don't love their children, they are immature, they are no-count failures, and what have you."

Accusations Unfounded
"In my opinion," he continued, "all such accusations are completely unfounded. Mothers are going about their work of rearing children as mothers have been throughout the ages." He pointed out that the traditional ways of raising children are no longer effective.

He urged these parents to assist in setting up study groups for parents and teachers where new methods of working with children could be studied. He said that so often parents and teachers fight it out with children when there are conflicts and that more effective methods may be learned for dealing with misbehavior.

"The warfare which is going on between parents and children will not only continue but will get worse and be more violent for the next five or six years," Dr. Dreikurs said. He forecast the defeat of adults because the children have many tactics for evading or outwitting adults.

Mutual respect between parents and children was advocated.

ADVICE TO PARENTS was given by Dr. Rudolph Dreikurs (center) during a meeting Thursday evening at the YMCA, attended by 125 persons. The program was designed to develop better relationship between parents and youngsters. On the left is Dr. Raymond Troyer of Southwestern, and on the right is H. D. Karandjoff, president of the YMCA.

Hope was expressed in that parents want to live in peace with their children and they want to learn what to do. A study of effective methods in a democratic setting is necessary, he said, and the answers to problems will be found he assured the audience.

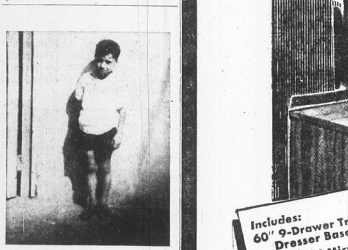

Share Responsibilities
Advocating that in schools and homes, children be invited to be partners, he said. "Only as we draw the children in to share in our responsibilities, can we motivate them or win their cooperation." He pointed out that every child knows exactly what adults expect of him but he behaves in different ways than expected.

He suggested parents be kind, friendly, and firm, all at the same time. "Many are kind but not firm," he said. "Others are firm but not kind. These are things that have to be learned."

H. D. Karandjoff, president of the YMCA, expressed appreciation to Dr. Dreikurs and announced that a community center for child guidance and family counseling would be set up this summer at the "Y" under the direction of its staff and Dr. Raymond Troyer of Southwestern Illinois University.

Street Crews Sweep, Chop—Spread Rock
Granite City street crews last week carried out a wide variety of work including street sweeping, blacktop patching, sewer cleaning, cutting trees and grading and applying rock in alleys. Eight men are assigned to the tree work.

In addition, one man was assigned to aid in the installation of the lift station warning system.

RECEIVING HELP from his foster parents, Mr. and Mrs. Robert Lanter, 2868 Ralph street, is Nicolò Ascone, a six-year-old Italian boy, who lives near Naples.

Lanfers Foster Parents Of Italian Boy, 8

Mr. and Mrs. Robert Lanter, 2868 Ralph street, became the foster parents recently of Nicolò Ascone, a six-year-old Italian boy from San Nicola La Strada, Italy.

Through Foster Parents' Plan, Inc., New York City, the Lanfers have agreed to contribute \$15 a month for the boy's support for at least a year.

Nicolò and his four-year-old sister, Maria Carmela, and their widowed mother about 23 miles inland from Naples. Their father died of a heart attack last June.

His death left his widow and two young children penniless. The mother does all types of work to pay the rent for their one-room apartment. The rent is \$8.40 a month.

They have no window in the room, no cooking or toilet facilities, and their furniture consists of a double bed, a table, some chairs, a closet and a chest of drawers, all old.

Foster Parents Plan has succeeded in rehabilitating 76,000 children of 30 different nationalities in its 27 years of existence. It is a non-sectarian, non-profit, non-propaganda, independent, government approved organization.

Mental Health Annual Dinner in Alton May 26

The annual meeting of the Madison County Mental Health Clinic will be held with a dinner at 6:30 p.m. May 26 in the Stratford Hotel, Alton. Sen. Paul Simon, Troy, will discuss Illinois progress in mental programs.

Specialized service on a community level will be explained by Joseph Budde, director of that phase of the county organization. There are clinics in Granite City at 1243a Niedringhaus avenue, and at Godfrey.

Car Destroyed by Fire

A 1955 convertible automobile owned by Willie Williams, 2137 Grand avenue, was destroyed by fire at 1:30 a.m. Friday while it was parked at his home. Granite City firemen, who called it a total loss, said the fire started in the interior and the cause is unknown.

\$61,558 MFT for County
Madison county has been allotted \$61,558 as its share of motor fuel tax collected during April. It was announced this week by the state department of finance at Springfield.

**LEWIS SPEAKS AS CLUB
HONORS SENIOR CLASS**

The Venice Women's club held
its annual "guest night" pro-
gram honoring the graduating
class of Venice high school
Wednesday evening at the
school. Associate Judge Austin
Lewis of Madison, who is an
alumnus of Venice high school,
was guest speaker.

He was introduced by Mrs.
Madonna Greshing, club presi-
dent, and was praised for his
service and for his contribu-
tion to the community, state and
nation. Judge Lewis spoke to the
group on the importance of ed-
ucation in the present day and
the objectives of man and his
ambitions. He also discussed the
history of the school.

Superintendent of Schools John
Pier and Lewis' Sohn, high
school principal, also spoke
briefly.

Other honored guests were
Mrs. Austin Lewis and Eugene
Ekan, a school board member.
Mrs. Helen Gantcheff of Gran-
ite City showed color films of

countries in Europe which she
visited last year. She presented
a gift of a serving tray which
airlines she had traveled on
gave her to be presented at this
program. Mrs. Melia Elan
received the gift.

The guests were served a de-
licious luncheon of home-made
cake and ice cream and soda
from tables decorated with ar-
rangements of spring flowers.
Gifts of key chains and pen
knives were presented to the
students by the hostesses, Mrs.
Elise Cavner, Mrs. Ruth Ohlen-
doff, Mrs. Ellen Deering and
Mrs. Joe Foley.

Kenneth McCallen, president
of the senior class, expressed
thanks to the club members on
behalf of his classmates.
Other students present were

Paul Sifton, Judith Johnson,
Diane Weber, Dorothy Wilkin-
son, Jackie Lake, Rose Ann
Cooper, Mary Margaret Carson,
Karen Rodgers, Mary Jane Car-
son, Ellen Douglas and Mar-
jorie Ritter.

The club members held a brief
business meeting and voted to
award two scholarships during
this year. The selection will be
made by a teachers' committee.
They approved purchase of
student tickets for the Com-
munity Concert Association. Cor-
respondence was read from two
members, Mrs. Mae Ebersold
and Mrs. Nadine Mechan, who
recently returned from the Is-
rael.

Other members present were
Mrs. Ruth Cavner, Mrs. Alice
Mitchell, Mrs. Bertha Faye, Mrs.
Margaret Seibert, Mrs. Josephine
Johnsen and Mrs. Ila Bauer.
The next meeting will be held
June 5, and the hostesses will be
Miss Itha Byrnes, Mrs. Bess
Boyer, Mrs. Virginia McKinnin
and Mrs. Greshing.

**FELLOWSHIP HOLDS
MAY DINNER MEETING**
The May meeting of the Good
Shepherd Fellowship was held
Saturday evening at the Venice
Methodist Church. Dinner was
served by the hosts, Mrs. Naomi
Boelling, Mrs. Mabel Baker,
Mrs. Mattie Deacon and Mr. and
Mrs. Otis Lundy.

Following the dinner hour, a
brief business session was con-
ducted by the president, Otis
Lundy. A social hour was en-
joyed, and games were played
with prizes awarded to Raymond
Harold, Roger Davis, Frank Da-
vid and Mrs. Naomi Davis.

Lloyd Patterson showed slides
of the group taken at previous
meetings. Birthday greetings
were extended to Mrs. Jessie
Blahut. Guests for the evening
were Mr. and Mrs. Johnson of
Edwardsville.

Others present were Mr. and
Mrs. Henry Ribbey, Mrs. Frank
David, Mr. and Mrs. Lloyd Pat-
terson, Mrs. Raymond Harrold,

Air Pollution Dumps

"We're contributing much to
air pollution with the present
dump operations," Macra pointed
out, adding that an incinerator
would eliminate the air pollu-
tion as well as the debris. He
explained that even tin cans and
bottles are consumed in an in-
cinerator and reduced to ash
that is often used for landfill.

Madison officials have con-
ferred with engineers with re-
gard to the proposed incinerator.
Louis firm of Horner & Shifrin
and have been told a survey to
determine the type and size of
incinerator needed for the Quad-
rant City would cost \$10,000 to \$18-
000. "I don't think we would
have to spend that amount, but
we're told we'll need at least a
100-ton daily capacity if a joint
incinerator is needed," Macra
said.

The city of Madison is study-
ing the possibility of building a
garbage and trash dump and
incinerator with surplus funds
from the Chain of Rocks bridge
and waiting out a charge for its
use by other communities.

Granite City presently burns
its garbage daily with several
tons of dirt and compressed.
All three cities are presently
planning to set up a joint in-
cinerator for the year 1964-65 fiscal year. Revi-
sions may have to be made to
include funds for the plac-
ing of dumps.

Mayor Lee of Venice said it
may be possible that Venice

A suggested method calls for
heavy earth-moving equipment
to dig trenches into which gar-
bage and trash is dumped and
then covered daily with several
feet of dirt and compressed.

The new state law, which was
introduced to the general As-
sembly on May 27, 1963, was enacted
at the close of the session and
became law last August. It pro-
vides that by Aug. 28, 1964, "no
persons shall operate . . . an
open dump or site for the plac-
ing of garbage, refuse or other
solid waste, shall be completely
covered with earth."

WHERE WAS St. Elizabeth Hospital IN 1921?

It was struggling for the bare necessities to construct an adequate service for our community after being taken over from a gallant, but bankrupt, former operation. On the first day of the new service it was treating victims of a nearby train wreck early in the afternoon (pictures, top row, left to right) with only two blankets and several bricks alternated between all of the shock victims from the disaster — with very, very few nurses and doctors — with the gift of one bed pan to be alternated among the complete component of patients in the hospital — with all of the linen out of the hospital at an outside launderer and owing a bill of \$110.00—with linen having to be pressed

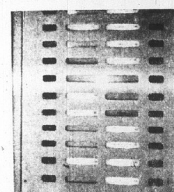

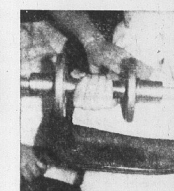

between mattresses and springs because of the lack of funds to buy an iron. Further early handicaps included: only a few bars of soap purchased that day from the few pennies left over from the newly arrived Sisters' railroad fare money, a great number of employees resigned or not able to be accounted

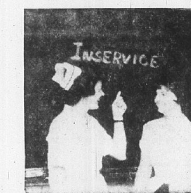

for, an unaccountable debt at the nearby grocery store for cosmetics and candy and the like—presumably charged by employees, the Sisters walking regularly as far as Pontoon Beach to solicit country doctors to practice at the hospital. And this is how the old days cried out for progress.

WHERE WAS St. Elizabeth Hospital IN 1964?

It was entering a progress period of anxious striving for refined and perfected, internal systems, in an attempt to develop for our community the ideal hospital, of maximal, financial, operational and inspirational efficiency, with the refined, careful, gentle, personal touch. The progress of the present days is ever on the build. (Pictured from left to right and top to bottom) — Mrs. Hulda Davis, wife of our city's mayor, and first lady of Granite City, begins our hospital week celebration by posing the first demonstration of new progresses, the newer concepts of team nursing — property control — job testing — linen control — therapy — preventive maintenance — volunteer help and inspiration — ever more and more doctors — automatic trayveyor food service — new procedures and equipment such as the dental surgical additions to the hospital — in-service education — renovation planning. Further progresses are represented by: Lay advisory help and consultations — out patient center — complete and comprehensive financial budget — laboratory quality control — greatly enlarged diagnostic facilities — centralized products and supply service — pre-packaged disposable supplies — centralized purchasing — standardization and product study — automated payroll — safety program — fire and rescue program — comprehensive disaster program — open visiting hours — all time high census — patient television — pre-admission techniques — selective menus — coffee and gift shop facilities — supervisory training program — management improvement — medical library and research center — centralized housekeeping — medical records dictating and microfilming techniques — lined wall, floor, and drape care system — immunization clinic — emergency room public education — continuing nurse education — nursing standardization — supervisor reading course training — use of hospital associations — meetings, conventions, seminars — student practical and nurse aide educational programs — engineering organization —

future planning and prediction — doctors Tricor medical center — Chamber of Commerce activity — Ladies auxiliary — career day — weekly house bulletin — personnel techniques of position analysis, job description, wage evaluation, and job training — methods improvement — departmental administrative reports — monthly administrative statistics — professional drug fee system — centralized drug buying — united nursing direction — P K U program — pre-packaged formula system — pediatric patient movies — inhalation therapy — employee fringe benefits — orderly pool — infant life saving equipment — beauty shop — recovery room — printing facilities — master improvement program planning — x-ray apprentice program — improved fluoroscopy procedures — fog room — chapel service — work simplification introduction — and many, many more.

National HOSPITAL WEEK May 10-16

"Our Hospital Striving To Serve"

BEING OBSERVED AT ST. ELIZABETH HOSPITAL THIS WEEK

These yet to be used bricks stand as a strong symbol to us of our awaited future progress that we must expand, build, and develop, even brick by brick. Let us take this opportunity

to say that in our future progress: **WE PLEDGE** to you our most strenuous efforts to perfect for our community the kindest, the most complete, the most efficient, the most ideal hospital possible.

WE THANK YOU for your continuing trust in us, your prompt support, your patient consideration in helping us mature, your share in an ever up-lifted and rightfully proud desire for the ideal hospital.

WE THANK GOD for all that we have achieved, and pray fervently that He will help us to progress on to ever more elevated heights of well-operated and loving service, mercy, and comfort.

Four Children Injured In Mishaps On Friday

Four children were given emergency treatment at St. Elizabeth Hospital for injuries received in mishaps on Friday. They are:

Vicki Lynn Smith, four, daughter of Mr. and Mrs. Cleveland Smith, 2107 Bern Avenue. She climbed on a cabinet to get to the cookie jar, backed into a coffee pot and spilled hot coffee on her left leg and hip. She was admitted.

Dennis Berror, three, son of Mr. and Mrs. Forrest Berror, 213 Paradise Lane. He fell out of an upper bunk and x-rays showed a fractured left leg which was placed in traction. He was admitted.

Debbie Warren, nine, daughter of Mr. and Mrs. James Warren, 2255 Edgewood Avenue. She fell while swinging on a clothes line pole. Her right arm was x-rayed and she was admitted.

Shelia Terry, five, of 2838 Harding Avenue, who stepped on a rusty nail which went through her right foot. She was treated and released.

Madison Lions Make Plans for Golf Night
 Final plans were made by the Madison Lions for this week's golf night at their regular meeting Thursday night at the Sportsman's club attended by 22 members.

Jerry Maers, president of the group, reported that Howard Fogham, pro at Arlington golf course, will be the featured speaker and films showing Jack Nicklaus and Sam Snead in tournament action will also be shown.

Proclaiming Hospital Week in the Quad-Cities are mayors of the Quad-Cities who stopped by St. Elizabeth Hospital for a preview of Wednesday's open house. Seated, left to right, are—Mayor Maers of Madison, Mayor Davis of Granite City and Mayor Lee of Venice, Mayor Staicoff of Pontoon Beach was unable to be present. Standing are Dr. Otto Bauer, president of the hospital medical staff, and Sister Mary Thomas, hospital administrator.

Proclamation
 WHEREAS hospitals maintain health care services for every person in this community on a round-the-clock basis; and
 WHEREAS hospitals work with other health agencies in safeguarding the health of our citizens; and
 WHEREAS hospitals serve as educational institutions for many types of hospital personnel and conduct educational programs for various groups of our citizens; and
 WHEREAS hospitals are engaged in research for the prevention and cure of illness; and
 WHEREAS each member of the hospital staff contributes in a specific way to care of patients;

BE IT RESOLVED that this community, in recognition of National Hospital Week, May 10-16, salute its hospital for its contributions to the public welfare, for high standards of care, for educational and research programs that each year raise these standards to a higher level.

LEONARD R. DAVIS, Mayor, Granite City
 STEPHEN A. MAERS, Mayor, Madison
 DR. JOHN E. LEE, Mayor, Venice
 THOMAS STAICOFF, Mayor, Pontoon Beach

Hurt
 The right arm. Her husband suffered a neck injury and abrasions to the right arm and shoulder.

The Bilkeys were traveling on the highway and Hillmer, who said he did not see the car, was westbound on Pontoon. Hillmer was charged by state troopers with failure to yield the right-of-way.

Hurt On State Street
 Brigitte Stein, 12, of 2222 State street sustained minor injuries at 10:55 a.m. Sunday when the left front of the southbound auto of John Stein, 2032 State, collided with the right side of the car of Miss Karen Reid, 2815 Sunset drive, who had been going west on 22nd street and attempted a left turn onto State street.

Mrs. James (Beetha) Shore 63, 4917 Mueller avenue was treated at St. Elizabeth Hospital Saturday for bruises to the right elbow and left arm, suffered in a traffic accident.

Mrs. Thelma Cox, 54, of 2800 Washington Avenue, is in fair condition at St. Elizabeth Hospital today. She was admitted yesterday after being thrown to the front of an auto in a mishap. She suffered neck and chest injuries. No report on the accident was available.

Divorces Granted To 3 Local Couples
 Three area residents were granted divorces Friday in Madison county circuit court in Edwardsville by Associate Judge Austin Lewis. They are:

Betty May Wallace from Haworth and Vernon Wallace, both of Granite City. They were married Nov. 22, 1956, at Clinton, Mo., and separated Jan. 1, 1963. She charged desertion and obtained custody of one child. He was ordered to pay \$50 a month child support.

Kathleen Ahart of Madison from Harley James Ahart of Granite City. They were married Oct. 20, 1961, in Granite City. They were married Aug. 10, 1948, at Birmingham, Ala., and separated in September 1962. She charged desertion and obtained custody of five children. The question of child support and maintenance for the children was reserved until further order of the court.

New Radio Group Plans CD Monitoring Network
 Plans to establish a 24-hour a day emergency radio monitoring station were made at the first meeting of REACT new Area 10 city radio communications team, Saturday at the Civil Defense office.

Area business establishments which stay open overnight wishing to assist in monitoring work may contact Charles Fisk Jr. or Albert Pritchett, who were named temporary chairmen of the group, and a radio unit will be placed in their offices. The group, and a radio unit emergency channel 5 as the alternate. During the meeting members were given Civil Defense as a communications team.

MAY MEETING OF WOMEN'S SOCIETY

A monthly meeting of the Women's Missionary Society was held Thursday night at Cedar Valley General Baptist Church, Amable Street, present.

Two songs were sung, "Faith of Our Mothers" and "My Mother's Faith," to open the meeting, followed by prayer led by Mrs. Barbara Mason. The business session was opened by Mrs. Pauline Cravens, president.

Each member responded to the roll call with Scripture verses, and the standard of excellence was taken. The love gift inspiration was given by Mrs. Pat Dickerson with a poem, "Go Play and Give." The spiritual life devotion was on "Love is Unlovely," by Mrs. Margaret Pithers.

Mrs. Pauline Cravens read two poems on Mothers, "My Day" and "Her Occupation." The evening was Mrs. Lydia Marmion on "Relationship Between Missionaries and the National Christian." Prayers were read by Mrs. Lillian Lane for Missionaries, Cecilia Kennedy coming back to the Philippines, Miguel Taitano going to Saipan and Creighton Hampton in Guam. Prayer was for the Philippines.

Refreshments were served by Mrs. Margaret Pithers. Refreshments were served by Mrs. Mary Ford and Mrs. Denise Thompson. Mesdames Pat Dickerson, Lillian Lane, Pauline Cravens, Doris Hart, Emily Cameron and Lydia Marmion, Pat Crutcher, Dorothy Toder, Nannie Howard, Evelyn Pether, Betty Goria, Barbara Mason and Annabelle Street.

NEW BROWNIE TROOP
 A new Brownie troop met Thursday evening with the leader, Mrs. Judith Ren, 456 E. Edgewood. The troop was assisted by co-leader, Mrs. Martha Lester.

A birthday party was held for Betty Goria, 10, and Sandy Carter, whose birthdays are this month. The meeting closed with the pledge, and girls practiced for their investiture and made Mother's Day cards.

Present were Renee Dowdy, Terry Mills, Debra Mills, Marsha Dobbie, Debbie Lester, Debbie Hand, Barbara Siebert and Sandy Carter.

MOTHER'S DAY BANQUET AT CEDAR VIEW CHURCH
 The Brotherhood of Cedar Valley General Baptist Church entertained ladies of the church with a mother's day banquet Saturday night at the church. Each lady was given a carnation.

Rev. Cravens offered prayer. After the banquet, the Floyd Ballard family from Edwardsville sang several songs. Rev. Dr. John Cuthbert spoke on "For Gospel Mothers' Day." "Tennessee Beates" were played by Jessie Ford, Jewel Morris, Walter Jordan and Don Thompson. An Elvis Presley imitation was given by John Pithers and Larry Yates.

Herb Cameron was in charge of the meal and was assisted by Bonnie Gobbie, Jerry Hart, Bill Dickerson and Herschel Pinner. Ladies present were Mesdames Pauline Cravens, Pat Crutcher, Mary Ellen Lewis, Peggy Barger, Pauline Gobbie, Louise Lewis, Doris Hart, Dorothy Tedder, Brenda York, Evelyn Pether, Nannie Howard, Mary Ford, Fay Morris, Denise Thompson, Pat Dickerson, Emily Cameron and Margaret Pithers and Mrs. William Toder. GRAND PRIX...

BY PONTIAC—ONCE

GRAND PRIX was only a kind of auto race. That was Pre-Pontiac G.P.! Now Grand Prix conjures up an image of crisp, uncluttered styling and off-the-line performance in a very special Pontiac car!

Crouching under the GP hood there's a 306-horsepower Trophy V-8, the most powerful standard engine of any Pontiac. Optional engines up to 421 cubic inches, 370 horsepower are available for other than faint hearts.

Bucket seats—the kind that make you feel like part of the car—are part of the standard package. Likewise, a tachometer (with manual transmissions) or vacuum gauge (with Hydra-Matic) and center console are also standard. An optional

4-speed floor shift or floor-controlled Roto Hydra-Matic will more than pacify the purist. If not, add aluminum wheels and brake drums. They dissipate heat—if you still need a reason once you've seen them.

The '64 Grand Prix is a superbly styled car, equally suited for the open road or taking Aunt Anthea to a Sunday social. Pinstaking attention to detail is evident in the monochromatic styling of GP interiors, available in eight trim choices.

PONTIAC DRIVERS GO 40,000,000 MILES IN TESTS

The 40 millionth test-mile in the 38-year history of Pontiac Motor Division was driven and recorded last week.

That equals 5178 trips around the world or 84 round trips to the moon. Gasoline used by the test vehicles would fill 3000 railroad tank cars.

The tests at General Motors proving grounds have been made over all kinds of roads, in all kinds of weather, day and night. They have included tight turns, steep hills, water and mud trenches and straining straight-aways which bump, pound, shake and bounce the cars far beyond any condition under which an automobile might normally be called on to perform.

The proving grounds have been used to test new engineering designs under road conditions and then to scientifically measure and evaluate the results.

Three Test Sites

Pontiac uses three testing facilities to provide typical conditions no matter where the motorist might drive in the United States. One is at Pikes Peak in Colorado, one is in the heart of the desert country near Phoenix, Ariz., and the third and largest is at Milford, Mich.

The Milford installation has a 64-mile specialized road network where 51 Pontiac test drivers work around the clock in three shifts driving about 11,500 miles a day. They stop only for gas and to change drivers. Last year 3,011,558 Pontiac test miles were recorded at Milford.

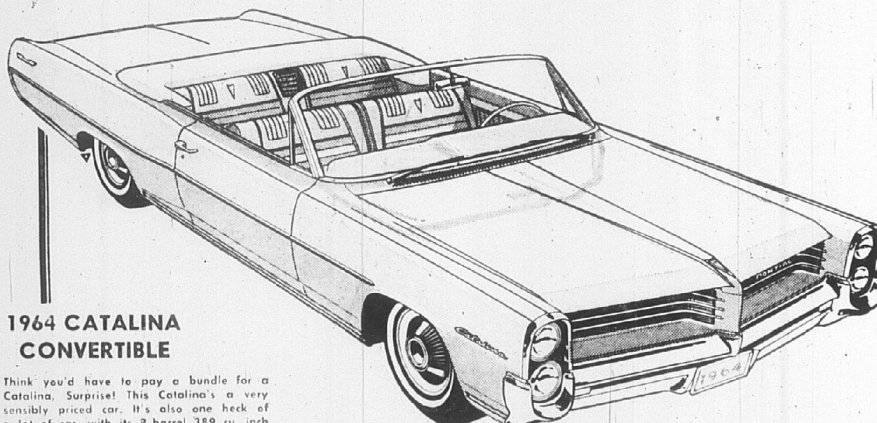

The roads the Pontiacs and Tempests must go over on their 26,000- to 50,000-mile durability runs vary from smooth concrete-paved highways to the brutal Belgian block surface. Loose gravel, waxy blacktop, dirt trails make up the rest of the proving grounds road network. The Belgian block road can give a car as much beating

New Dodge Compact Trucks

A hefty 101 hp. Dodge Slant-6 engine is standard equipment on all Dodge A100 models. This is notably more standard power than competing compact trucks offer. Dodge also offers a somewhat larger and more powerful Slant-6 (140 hp.) at slight extra cost. Both Dodge engines will give you satisfying gasoline economy combined with the hard-working toughness our engines have become famous for. Both engines are located next to the driver's seat. The engine compartment is extremely well insulated against noise and heat. Dodge compact trucks have many features that add up to extra durability never before

seen in a compact truck. Among them are: Body reinforcements for trucks built with the maximum GVW rating; sturdy, heavy-duty door hinges on all passenger and cargo compartment doors; the only heavy-duty 3-speed manual transmission in the compact truck field; and Chrysler-built Oriflow shock absorbers front and rear.

A payload comparison with competing compact trucks quickly places the Dodge A100 at the head of the compact truck class! But the Dodge A100's ability to handle larger and heavier loads is much more than a "specification." It is extra strength built into each

Dodge A100 van, wagon and pickup. Not only does Dodge offer you greater payload, there is also more cargo space plus greater loading (and unloading) convenience that will save you time—and money. Regardless of the job or the truck's payload capability, all Dodge A100 compact truck models are equipped with a rugged rear axle built to handle loads well beyond the load limit of these trucks. Among the many premium features of the axle are the use of tapered roller bearings for much longer life, plus easy accessibility to brakes.

Again, comparisons clearly

Barracuda the Spectacular New fast back by Plymouth

The distinctive styling of the new Plymouth Barracuda provides utility as well as beauty. The fastback styling is accentuated by the largest rear window, 14.4 square feet, ever installed in a production automobile. The window is of tinted glass. With the rear seat-back folded forward, there is ample cargo space for luggage, picnic baskets, even water skis. Cargo may be easily loaded through the opened deck lid.

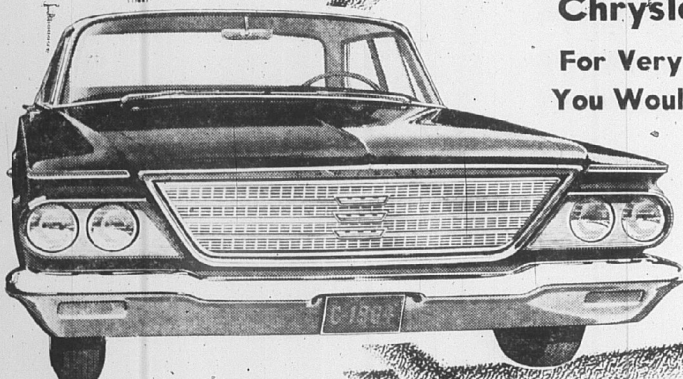

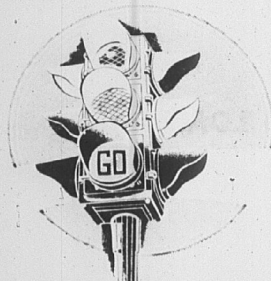

It's a true fastback. It can be a family car, sports car, anything you want it to be (except dull!). Front bucket seats, flip-down rear seat, rear Solex glass, lockable security panel are all included. Available: V-8, 4 on-the-floor, other options to let you swing.

Most Fair Visitors Traveling By Autos

More than three fourths of the visitors to the New York World's Fair this year and next are expected to arrive by automobile, the Automobile Club of Missouri estimates. The figure is 78.7 per cent. Twenty-five years ago 67.7 per cent of the visitors to the 1939 fair drove to New York.

Twenty-five years ago, 2.8 per cent of the travelers to the New York fair went by plane. This summer, 6 per cent are expected to fly. Six and five-tenths per cent will arrive by bus this year, compared with half that number 25 years ago. Train travel was used by 26.5 per cent of the fair visitors in 1939, is expected to decrease to 8.8 per cent this year.

Auto With A Lifetime Guarantee May Travel Plastic Highways

The automobile of the future may have a lifetime warranty. Highways could be nonskid, flexible, and indestructible. The gas turbine engine or the fuel cell may replace the internal combustion engine.

These and other possibilities in the future of motor travel are featured in the April issue of the Pure Oil News, magazine of the Pure Oil Co.

Petroleum scientists, the article says, say that we can expect more efficient engines that will convert more fuel into useful energy. The result will be more miles a gallon, better performance, and easier driving.

Now under study are power plants that may replace the internal combustion engine. The impact of the fuel cell on automotive travel would be enormous. Its efficiency may be as high as 80 per cent, while today's auto engine efficiency is between 15 and 25 per cent. In addition, the fuel cell operates with no smoke or fumes, quietly, and should be economical and compact.

New Lubricants

Although fuel cells in automobiles may be decades away, fuels, lubricants and service techniques are being developed for tomorrow. These include lifetime chassis lubrication and longer life for engine oil.

The service station of the future may use an electronic stethoscope. Its prototype, a motor analyzer that records engine vibrations on a chart, has already been built. With this instrument, the mechanic is able to diagnose engine trouble by looking on a chart.

Some research authorities, like Charlotte A. Christner of the Battelle Memorial Institute, visualize a great expansion of the country's superhighway system because of economic expansion and the population growth expected by 1970.

More traffic creates more safety problems. However, recent research development in road-building materials should help ease these problems. One research team has developed a pavement that consists of crushed rock bound together with a colored plastic binder. The plastic comes in a variety of colors: white, blue, green, red, etc.

Colorful Highways

Safety experts suggest that varicolored highways would relieve the monotony of driving and help avoid fatigue. Experiments in plastic paving promise to produce other advantages. They will be nonskid, flexible, and virtually indestructible.

Petroleum research concerning clothing also will benefit the motorist of the future. One research laboratory has developed a suit that utilizes human breath to activate a heating element. As a man exhales, his breath passes through a canister containing sodium aluminum hydride. The resulting chemical reaction releases hydrogen from the water vapor in the breath. By distributing the hydrogen through flexible tubes to special catalyst units in the shoes and gloves of the suit, enough heat is produced at the hands and feet to keep the wearer warm.

Cordless telephones of the future will be used in homes, automobiles, and planes. These versatile instruments will be able to start dinner, take recorded messages, open doors and garages, and order groceries at a predetermined time.

Scientists in the oil industry have produced edible food from petroleum and successful test-feeding experiments have been conducted with animals. A research scientist who has eaten the dry white powder says that "even at this stage of development, it's not bad."

More Air Traffic

Experts say that air traffic will double in the next seven

years. Fuel is expected to account for 50 per cent or more of the plane's take-off weight, and fuel consumption will be about 60 per cent higher for the same load and distance than is now consumed by jets.

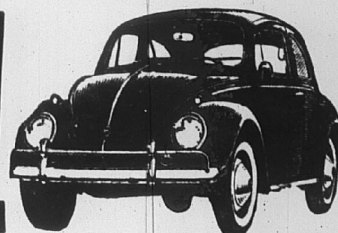

The higher speeds of supersonic aircraft will intensify the need for quicker transportation to and from airports. Rapid airport transport in the future could be provided by helicopter, monorail, or a magnetically-driven frictionless train that would speed above ground in a vacuum tunnel at hundreds of miles an hour.

Motorists also will benefit from advances in weather forecasting of the future. Forecasting will show about a 10 per cent increase in accuracy through the use of grounded and orbited observatories that will analyze information from the stars, sun, rays, and magnetic fields in space, the magazine concludes.

CHEVELLE Youthful Looks and Chevy Spirit in a COMPLETELY NEW CAR . . . See The Malibu Super Sport!

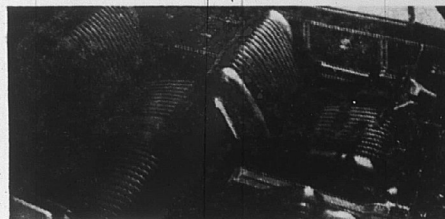

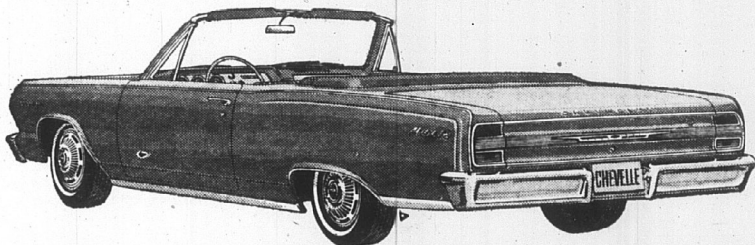

First year out and Malibu Super Sport has everything going for it. All-new styling, easy-care features, neat touches to indulge the ego.

Distinctive SS trim and wheel covers set the stage for its striking eye appeal. Luxurious. For less maintenance: a battery-saving

Delcotron generator, self-adjusting Safety - Master Value begins with sturdy perimeter frame. A coil spring at each wheel delivers a ride that's downright

brakes, long-life exhaust system and protective inner front fenders. Special options* for the sportsters: electric tachometer, Posi-traction rear axle, sintered-

metallic brake linings. Four optional* V8's up to the spirited 365-hp version. Two sporty models in Chevelle's finest—Super Sport Coupe and Convertible.

IT'S TRADE 'N' TRAVEL TIME AT YOUR CHEVROLET DEALER'S

Five different lines of cars—forty-five different models to choose from. Come early and trade great!

Now that spring's in full swing, you'll find new Chevrolets perfect for picking.

Luxury—First, there's the big Jet-smooth Chevelle. Sumptuous and soft riding with a fat coil spring at all four wheels to smother bumps. Over 700 sound stoppers throughout the car to blot out wind and road noise. Interiors luxuriously done up in the newest and softest vinyls.

Trade what you're driving for one of these, and you won't want to trade seats with anybody else on the road.

Spirit—Next, Chevelle. The beautifully in-between size car that combines small car handling oomph with big car comfort. Order to your liking in sedan, coupe, station wagon and convertible body styles. Eleven different models that you can equip with just about any extra-cost option you can imagine. No place to go this summer? Get a new Chevelle—you'll think of something.

Economy—Chevy II—the car that takes to inexpensive vacations naturally. It just goes and goes, and where it stops nobody knows. But for all its thrift, it's anything but under-furnished. Did you know that the Super Sport Coupe has bucket seats and door-to-door carpeting? Eight models to pick from, including wagons with room to swallow up an eight-foot Christmas tree. (Plan ahead, we always say.)

Fun—Then there's Corvair. The fun one with the engine in the rear for unbelievable traction. Spring mud, summer sand, winter snow—nothing stops it. You'll even think they're now paving highways with adhesive tape the way Corvairs cling to them.

Corvette. The enthusiast's car. Sting Ray Sport Coupe and Convertible. Still America's only true sports cars. Pick either one and you'll find it does for your driving what holidays do for kids.

Performance—And with any new Chevrolet you choose, you can get the standard engine for all the power you need in everyday come-and-go driving. Or you can pick from a wide, wide range of extra-cost engines for maximum performance.

Either way, whether you've got some place special to go this summer or not, when you trade for one of Chevrolet's five great highway performers—you'll travel!

THE GREAT HIGHWAY PERFORMERS—Models shown top to bottom: Corvette Sting Ray, Corvair Monza Spyder, Chevy II Nova Super Sport Coupe, Chevelle Malibu Super Sport, Chevrolet Impala Super Sport.

PONTIAC DRIVERS

(Continued from Page 2, Col. 1)
in 100 miles as maximum provid-
ed in 1000 miles of highway
driving.

Steep Grades

Some of the hills the Pontiacs
must climb are steeper than
many ski slopes. The proving
ground hills vary from 9.7 to
45 and 60 per cent grades. Per-
cent of grade is how much rise
there is for every hundred feet
forward. The Pikes Peak road
has a maximum grade of 11 per
cent. Most highway grades are
under 5 per cent and seldom
exceed 7 per cent.

Not all the test hills are a con-
tinuous slope. The 27 per cent
grade hill is a duplication of the
steeply rising streets of San
Francisco and it has short level
stretches to represent cross
streets. Pontiacs drive up this
hill, stop in the middle to test
the parking brake, and then start
up again to see how well the
car can get underway from a
standing start on a steep slope.

Pontiacs and Tempests receive
a dunking in their tests. The

bathtub is a 1000-foot-long tank
with water a foot deep. It is
guaranteed to drench the chas-
sis and undercarriage to test
the effect of water on engines
and brakes. A shorter tank is
filled with corrosive salt brine
to simulate seashore and winter
driving conditions.

The test track at the proving
grounds had five lanes for var-
ious speeds and the rounded cor-
ners are steeply banked on the
outside. The track affords an
opportunity for uninterrupted
cruising at highway speeds. The
straightaways are used for ac-
celeration, brake and fuel econ-
omy tests. At one end of a
straightaway is a "skid pad"
where the cars are driven
around at various speeds to find
out how the cars steer and han-
dle on turns.

The tests made and measured
at these outdoor laboratories en-
able Pontiac engineers and tech-
nicians to identify points of
weakness as well as strength and
then make necessary adjust-
ments to provide a car that is
as safe, durable and trouble-free
as possible.

INADEQUATE ROAD SIGNS ARE MAIN GRIPE OF DRIVERS

Confusing or inadequate direc-
tion signs are the biggest peeve
of motorists recently questioned
in a AAA member survey, the
Automobile Club of Missouri
reveals.

Placing of confusing or inade-
quate direction signs at the top
of the motorists' "gripe" list by
62 per cent of those queried
strengthens the Auto Club's
long-held view that the tech-
niques of placing signs, signals
and markings has not kept pace
with modern road building.

Second on the list of com-
plaints was unclean restrooms
in service stations.

The motorists surveyed also
listed several other complaints:
traffic congestion in urban areas,
large trucks and busses, bill-
boards on scenic highways, large
house trailers and lack of serv-
ice on freeways.

DRIVE SAFELY

IN A NEW '64 DURING YOUR '64 VACATION

Pre-vacation Check Of Auto Helps Stop Breakdowns

Pre-vacation checks of automobiles could sharply reduce driving fatalities, say safety experts. They advise motorists to follow the lead of airline pilots and institute "pre-flight" checks before starting out on trips.

For many drivers and their cars, the holiday weekend or annual vacation trip is the longest and potentially most dangerous driving experience of the year. For this reason, safety experts at the Johns-Manville Research Center say, it is wise to check the car thoroughly to assure its best and most economical performance and to make certain that the trip is not marred by unnecessary breakdowns or accidents due to mechanical faults.

Summer Checkups

Most service stations offer a complete summer checkup at a reasonable figure. This includes draining the cooling system and flushing it out, along with checking hoses, thermostat and pressure cap.

With the popularity of year-round coolants, and the recommendations of makers of some 1962 and 1963 models that year-round use of antifreeze is permissible, fewer motorists take advantage of such checkups. Also, some air-conditioned cars require antifreeze in summer as well as winter. Drivers who skip checkups will be losing the advantage of the other points of examination that are part of this procedure.

Among minor things that the motorist can check himself is the condition of the fan belt. It should be smooth and unfrayed with a maximum of a half-inch of play. A loose fan belt may slip and reduce efficiency of cooling system and generator. It is wise to carry a spare.

Take a look at the water in the radiator for traces of rust and scum on the inside of the filler neck or cap, indicating a need for flushing. Overheating, one of the most common causes of summer breakdown, is often the result of an accumulation of dirt, scum or sediment in the radiator, easily corrected with chemical cleaning or reverse flushing.

Dip Stick Revealing

Examination of the dip stick can be most revealing. Dirty-looking oil indicates that an oil change, along with a new oil filter is required. If a gas filter is on the car, examine the glass sediment bowl for dirt or water. It can be easily removed and cleaned.

Tires should be in good condition for any driving, but especially for the high-speed turnpike driving that most vacations involve. They should be examined by an expert when the car is on a lift. In this way sidewalls and tread surfaces can be seen and faults caught. Make certain that all lights are functioning, including directional signals. Properly focused headlights can be important when driving on a dark, unfamiliar country road.

Summer and vacation driving not only tests the machine, they

test the driver and his knowledge of how he can make life easier for himself. For example, although it is nice to drive with a clean car, it is often much less tiring when the hood is just a bit dusty because dirt helps reduce glare.

Gasoline Level

Never let the gasoline level go below one-quarter full. One never knows how far apart gasoline stations are in strange territory. When carrying gasoline credit cards, this is especially important. Many drivers have run out of gasoline looking for their brand in an effort to cut pocket expenses.

If the windshield requires wiping, the same is true of headlight lenses. Make sure that service station attendants take care of this. And make certain that oil, water, and battery are checked at each stop. When putting air in tires, test the pressure in the spare before all the luggage goes in front and on top of it.

Many companies and agencies publish pamphlets on amusing children during automobile trips, how to pack, what to pack and how to prepare in general to assure a good time.

Plymouths Win Variety Of Races

When Plymouths won two classes in the Mobil Economy Run earlier this month, they be-

came the only 1964 car to combine wins in the nation's longest economy run, the world's fastest stock car race and the two national drag strip championships.

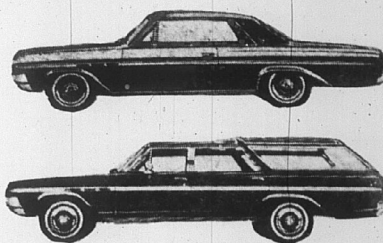

Last Feb. 23, Plymouths placed first, second and third in the Daytona 500-mile stock car race, setting a record for the distance of 154.334 miles an hour and a new lap record of 175.995 miles an hour. Both marks were set by Richard Petty, Randleman, N. C., winner of the event.

Drivers of the 1964 Plymouth Super Stock 426 won the Winter national championships of the National and American Hot Rod Associations. Tom Grove, Oakland, Calif., won the former with a top speed of 124.13 and an elapsed time of 11.63 seconds for the quarter-mile. Hayden Proffitt, Garden Grove, Calif., won the AHRA meet with an elapsed time of 11.80 seconds and 122.64 miles an hour.

The 1964 win in the Mobil Economy Run marked the eighth consecutive year that a Plymouth has won in its class. One of the two winning Plymouths, a six-cylinder Savoy, averaged 25.29 miles a gallon, the best mileage posted by any full-sized car in the run.

In the Daytona 500, drivers of the second- and third-place Plymouths were Jim Pardue of North Wilkesboro, N. C., and Paul Goldsmith of Mexico City.

THE DEPENDABLES: SUCCESS CARS OF '64

Some men never outgrow the need

for a wagon

A wagon has a way with men. Always has. Always will. Especially when it's a Dodge Wagon. Case in point: that Polara shown above. As rugged and handsome a carryall as you've ever laid hands on.

Inside—saddle-grained vinyl that resists cracking, scuffing, shrinking, stretching. Hand-fitted carpeting on the floor. A center armrest in front that snaps down solidly under your arm.

And there's room. Big, open room you can cram

to the roof. Seating for six or nine passengers. And underhood—a choice of engines ranging from a frisky Six to an optional, rip-roarin' 425 cubic inch V8. It's a tough combination to beat.

Look 'em over at your Dodge Dealer's. The wagons that have a way with men—Dodge Wagons. Man-sized. Man-powered. Eight versions to pick from. (And you might as well bring along your better half. Seems the gals prefer the big, strong, silent type, too.)

Tourists Expected to Drive 130 Billion Miles This Year

Americans in search of pleasure will drive 130 billion miles in their automobiles this year, the American Automobile Association estimates, and they will spend 20 billion dollars solely on vacation or pleasure trips by car.

The AAA estimates that there will be 94,500,000 Americans taking to the highways in 34,000,000 automobiles. Most of their trips will be less than 500 miles, but all will involve at least 100 miles of travel or a night away from home. About 15 per cent will be major vacation trips of 1000 miles or more, or will require two or more weeks absence from home.

These figures come from AAA's annual prediction of vacation motor travel in the United States.

As in past years, the bulk of the travel—55 per cent—will come in summer. Other seasons fare this way: spring, 18 per cent; fall, 16 per cent; and winter, 11 per cent.

AAA's study predicts nationwide travel spending of 52 billion dollars for food, 4.8 billion for lodging, 4 billion for retail purchases, and 6 billion on automobile requirements and incidentals.

The New York World's Fair will have a decided effect on domestic travel patterns. Automobile clubs affiliated with AAA along the east coast expect a 20 per cent increase in services—trip routings, answering queries, and issuing travel literature for both their own members and visiting members from other clubs. This compares with a 12 per cent increase throughout the nation in general.

It is expected that an average of 47,900 automobiles will carry 143,700 visitors into New York each day the fair is open. These will be automobile tourists arriving in New York with the Fair specifically in mind.

The prediction is based primarily on the estimate of 40,000,000 visitors expected by fair officials this year. Eliminated have been the total expected from the metropolitan area itself, and foreign visitors who will travel by other means. AAA estimates that more than two-

thirds of those who will visit the fair from outside the metropolitan area will use the family automobile as a means of getting to New York.

In the Fair's second year, the average daily arrival of auto-

mobiles carrying persons with the Fair specifically in mind is expected to drop to 35,700. These cars are expected to carry 107,100 visitors each day.

Many states and regions have altered their tourist promotion

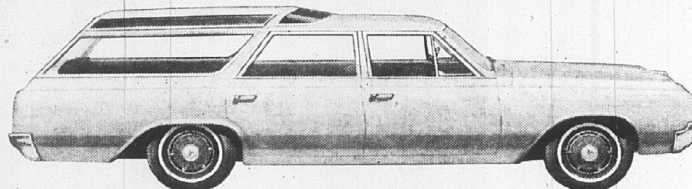

plans this year to key them to the fair. This is particularly true of areas within easy reach of New York City, and some states have been working out suggested combination trips to the fair and to their area.
